- **PAPER 2**: This will comprise five short essay questions out of which candidates will answer four within 45 minutes for 40 marks.
- PAPER 3: This will be a test of practical work. It will comprise four short structured questions. Candidates will be required to answer all the questions in 40 minutes for 40 marks.

<u>DETAILED SYLLABUS</u>

TOPIC	CONTENTS
INTRODUCTION TO GARMENT MAKING (a) The importance of clothes/garments	 i. Reasons for wearing clothes/ garment ii. Identification of clothing items iii. Identification of clothes/garments for different occasions
(b) The Concept of Garment Designing	 i. Definition of garment designing ii. Principles of design iii. Element of design iv. Factors that influence garment designing e.g. age, figure type, etc
(c) Economic importance of Garment Designing	i. Importance of garment designing to the individual, the family ii. Economic value of garment making
(d) Entrepreneurship in Garment Making	i. Entrepreneurship /small business management ii. Qualities of an entrepreneur iii. Advantages of entrepreneurship iv. Factors to be considered when going into garment making business
SEWING TOOLS AND EQUIPMENT (a) Simple sewing tools and equipment	 i. Identification of various types of sewing tools and equipment ii. Classification of sewing tools and equipment according to functions viz: - Measuring - Marking - Cutting - Joining - Pressing - Fitting - Storing

	iii. Points to consider in choosing sewing tools and equipment
a. The sewing machine	i. Types of sewing machineii. Use of different types of sewing machinesiii. Parts of a sewing machine and their functions
b. Care of sewing tools and equipment	 i. Importance of care and maintenance of sewing tools and equipment ii. Care of simple sewing tools and equipment iii. Care and maintenance of a sewing machine
c. Common machine faults and remedies or solutions	i. Common machine faults /problemsii. Solutions / remedies to the machine problemsiii. Improper use of machine parts
a. Basic stitches	i. Types of stitches: temporary and permanentii. Uses of various stitchesiii. Procedures for making stitches
b. Seams and seam finishes	i. Seamsii. Types of seams and where they are usediii. Types of seam finishesiv. Points to consider when choosing a seam
c. <u>Disposal of fullness</u>	i. Methods of disposing fullness e.g. dart, pleats, gathers, etcii. Procedures for making darts, pleats, gather, etc.
d. Facing and interfacings	i. Types of facingsii. Functions of facingiii. Types and functions of interfacingsiv. Other edge finishes
e. Facings and inter facings	i. Types of openingsii. Types of fasteningsiii. Functions of openings and fastenings

4. THE CONCEPT OF PATTERNS i. Pattern drafting a. Patterns ii. Advantages of the use of patterns iii. Tools and equipment for pattern drafting iv. Pattern markings and symbols b. Ways of obtaining patterns Different ways of obtaining patterns e.g. draping, flat pattern method, and computer aided design, etc. c. The freehand method i. Freehand method of cutting ii. Techniques involved in freehand method of cutting i. Importance of taking accurate body measurements d. Body measurements ii. Essential body parts to be measured iii. Procedure for taking body measurements i. Measurements for drafting bodice block e. <u>Drafting of bodice block</u> ii. Drafting bodice blocks i. Measurement for drafting skirt block f. Drafting of shirt block ii. Drafting of skirt block g. Drafting of basic sleeve i. Measurements for drafting the sleeve blocks ii. Drafting the sleeve block blocks h. Drafting of basic collar i. Measurements for drafting the basic collars ii. Drafting of basic collars e.g. peter-pan/ flat collars, tie collars. i. Drafting basic skirt blocks Measurements for drafting skirt blocks ii. Drafting of skirt blocks iii. Adaptation of skirt patterns iv. Techniques of pattern adaptation viz: darts manipulation, slash and spreading methods Adaptation of skirt styles from the skirt blocks j. Drafting of basic trouser blocks i. Measurement for drafting trouser blocks ii. Drafting of trouser blocks iii. Adaptation of trouser and knicker patterns

iv. Adaptation of different trouser styles from trouser blocks

k. Adaptation of other outfits, e.g. gowns, jumpers, e.t.c.	i. Adaptation of gowns from bodice / blouse patterns ii. Adaptation of jumpers from the shirt / trouser block of patterns
5. FIGURE TYPES AND GARMENT MAKING	
a. <u>Figure types</u>	i. The three main figure typesii. Variations of the main figure types
b. Fabric selections for the various figure types	 i. Colour suitable for the various figure types ii. Texture appropriate for the various figure types iii. Design / pattern suitable for the various figure iv. Design / pattern suitable for the various figure types e.g. lines, prints, e.t.c.
c. Choice of styles	 i. Styles suitable for various figure types e.g. figure with large burst, figures with large hips, figures with thin waist, e.t.c. ii. Solving figure problems using styles features
6. ADAPTATION OF PATTERNS a. Adaptation of blouse patterns	 i. Meaning of pattern adaptation ii. Techniques of pattern adaptation e.g. darts manipulating, slashing, and spreading, e.t.c. iii. Adaptation of blouse patterns using the bodice blocks
b. Adaptation of skirt pattern	i. Techniques of pattern adaptation (continue) ii. Adaptation of skirt styles using the skirt blocks
c. Adaptation of sleeves	Techniques of pattern adaptation with emphases on slashing and spreading method Adaptation of sleeve styles using the basic sleeve blocks
d. Adaptation of collars i.	 i. Adaptation of collar styles using the basic collar blocks ii. Adaptation of some collars from necklines of blouse/ skirts

7. SEWING OF BLOUSES /SHIRTS	
a. Practical construction of	i. The unit method of sewing
blouse / skirt	ii. Application of the unit method and basic sewing
	processes in making blouse and skirts
	processes in making blodse and skirts
b. <u>Practical construction of skirt,</u>	i. Revisions of the unit method of garment making
trousers, gowns and jumpers	business
	business
	ii. Application of the basic garment making processes
	in sewing skirts, trousers, gowns and jumpers
8. <u>SETTING UP A GARMENT</u>	
BUSINESS	
a. Minimum requirements for	i. Basic requirement for garment making business
setting up a garment making	ii. Estimate of the cost of the minimum requirements
business	
1 7 1 1 2 2 1	
b. Factors that can affect small	i. Factors that contribute to success of small businesses
<u>business</u>	ii. Factors that contribute to failure of small businesses
TO: 1 .	
c. Financing a business	i. Finance
	ii. Sources of finance for a small business
	iii. Managing finance
d. <u>Profit / price fixing</u>	i. Determination of profit margin
	ii. Factors to consider in fixing a price
Constant on malatian aloin	Maintaining healthy augtomore-1-ti
e. <u>Customer relationship</u>	i. Maintaining healthy customer relationship
	ii. Customer credit
f December	i Tymas of records necessary for small hysicasses
f. Record keeping	i. Types of records necessary for small businesses
	ii. Importance if record keeping.
a Promoting a husiness	i. Meaning of business promotion
g. Promoting a business	· · · · · · · · · · · · · · · · · · ·
	ii. Types of promotion activities
	iii. Importance of business promotion

ITEMS REQUIRED FOR EFFECTIVE TEACHING OF GARMENT MAKING

- 1. Different types of sewing machines
- 2. Large cutting table
- 3. Storage cupboard or wardrobe
- 4. Standing mirror
- 5. Dress form
- 6. Pressing Iron
- 7. Long ruler
- 8. T squire
- 9. Arm hole/neckline curves
- 10. Cutting shears
- 11. Paper scissors
- 12. Needles (hand sewing)
- 13. Machine needles
- 14. Hangers
- 15. Ironing sheets and blankets
- 16. Long mirror
- 17. Screen
- 18. Ironing boards
- 19. Tracing wheel
- 20. Pins
- 21. Pin cushions
- 22. Seam reaper
- 23. Brooms, brushes and duster
- 24. Waste paper bins
- 25. Tailor's chalk
- 26. Brown paper
- 27. Calico
